

Bound Brook Clean-Up & Kickback Fact Sheet

The Bigbelly A solar trash can

A Bigbelly garbage can has an automatic trash compactor inside, holding **5x** more waste than a regular can. And when a Bigbelly can hold no more, it transmits a wireless signal to the garbage collectors, telling them it's time to make a pick-up.

Bigbelly bins reduce Bound Brook trash collections by **80%**, which reduces greenhouse gas emissions by **70%**.

Our modern trash cans can hold more, so reduce collections by **80%** when you use your town's Bigbelly bins!
